Cemetery Owners Seek to Drive
Out Flower Vendors—Investigation of Material Charge.

The Board of Supervisors met in regular session Monday, December 18th, there being present W. H. Brown, Jas. T. Casey and Jos. M. Francis.

In the absence of the chairman, Casey moved that Brown act as presiding officer, which motion was seconded by Francis and carried.

The minutes of the previous meeting were read and approved.

Public Administrator Plymire reported the disposition of the personal effects of certain deceased persons.

A petition signed by the superintendents of the several cemeteries in the First township was presented asking the board to prohibit the vending of flowers at the entrances of the cemeteries.

A. H. Davidson, the superintendent of Cypress Lawn, addressed the board on the subject, stating that the traffic had become a nuisance to the patrons of the cemeteries. The people who were engaged in the business were out-of-town residents.

The matter was laid over until afternoon.

An application for leave of absence from the county for 25 days from December 11th was presented by Sheriff Mansfield to enable him to go in search of a fugitive from justice.

The petition was granted on motion of Casey, seconded by Francis.

A communication was received from the Department of Agriculture at Washington, D. C., requesting that a county map be furnished that department, on which the several townships are plainly designated. The communication was referred to the surveyor with instructions to forward a suitable map.

A communication was received from John O'Farrell, the superintendent of the courthouse grounds, asking that authority be given him to purchase the necessary flowers and shrubs for planting next year. The communication was laid over until afternoon.

A resolution was received from the board of governors of the County Development Association recommending that the board act favorably on the petition presented at a recent meeting for the formation of a band of county musicians, to be trained by Professor Winkler of San Mateo and to serve as a county exhibit during the 1915 exposition.

Action on this matter was also postponed until afternoon.

Constable Parker of the First township complained that he had been unable to obtain telephone service. The clerk was directed to ask the telephone company to explain why it has failed to supply the office with a telephone.

Coakley's garage of Colma sent a communication offering to give the county automobile service at the following rates: In the valley, per hour, \$4; on the mountain, \$5; by the day, \$20.

The chairman recommended that the board establish the rates for automobile service at the figures given by Mr. Coakley, which were the same as those given by Hans Rasmussen at the last meeting.

On motion of Casey, seconded by Francis it was directed that the district attorney prepare a resolution for automobile service at the prices quoted.

Chairman McEvoy arrived at 10:40 and took his seat as presiding officer.

Casey asked the surveyor what daily wage was paid to his assistants on county work and was informed that the men were allowed \$2.50 per day. Casey was of the opinion that this was small compensation considering that the men had to pay their own expenses.

Brown took the same view of the matter. On motion of Casey, seconded by McEvoy it was ordered that the surveyor's assistants while doing county work be allowed \$3 per day.

District Attorney Swart stated that he was not prepared to give an opinion as to the county's rights in the waters now controlled by the Spring Valley Company as requested at the last meeting. He had prepared a resolution at the suggestion of the County Development Association which he submitted as follows:

"Whereas, it is currently reported that the City and County of San Francisco is about to acquire the plant of the Spring Valley Water Company as a part of a proposed water system, and,

"Whereas, said Spring Valley Water Company has and is now possessed of large holdings of land, water sheds and water rights in the County of San Mateo, State of California, and,

"Whereas, the people of the County of San Mateo, through their Board of Supervisors, are desirous of retaining all primal rights and all other rights they have in said land holdings, watersheds and water rights;

Now, therefore, be it resolved that the board of supervisors of said County of San Mateo, hereby give notice to the said City and County of San Mateo, through and by the board of supervisors, the

county clerk and the mayor of said city and county, that said County of San Mateo does, and shall claim all primal rights, and all other rights which they may have in said landholdings, watersheds and water rights.

"And be it further resolved that a copy of this notice be sent and served on said board of supervisors, mayor and county clerk of said city and county of San Francisco.

McEvoy stated that while he desired that the county get all that was coming to it in the way of water, and while he always contended that former boards of supervisors were lax in not securing concessions from the water company while such a thing was possible, he thought at this time such a resolution was improper and if passed might involve the county in a damage suit because of its possible effect in interfering with the future sale of the Spring Valley property to San Francisco.

Charles M. Morse approved the resolution. The county is increasing in population and if San Francisco acquires the Spring Valley holdings we will be shut out. It is against such a condition that we desire to enter a protest, and file notice that we think we have rights and don't want them destroyed by a transfer of property.

The district attorney thought there was no danger of the county becoming involved in a damage suit if the resolution was adopted. It might have an effect, however, if a bond election were called in San Francisco to raise money for the purchase of the property.

Brown moved the adoption of the resolution. Casey seconded his motion and the resolution was adopted, McEvoy voting "no."

Superintendent Ford of the county farm and hospital stated that since the last meeting of the board, the farm and hospital committee had met and adjusted the differences between himself and Dr. Baker. He therefore desired to withdraw his charges against the physician and to apologize to the board for taking its time.

The report of the superintendent was accepted on motion of Casey, seconded by Brown.

McEvoy informed the board that the petition from Colma residents presented at the last meeting asking for additional lights in the Abbe Homestead was faulty in not having twenty-five signatures, there being only 18 names attached to the petition. For this reason the action taken by the board must be reconsidered, and it was so ordered, and the petitioners directed to present an amended petition.

The petition from the cemetery superintendents asking that the sale of flowers in front of the burial places at Colma be prohibited was taken up and it was decided to impose a license on the flower vendors.

Editors Geo. E. Dunn, J. L. Brown and W. B. Benoit addressed the board and asked that no action toward making an appropriation for a county band be taken until the next meeting. Action was postponed until afternoon.

Surveyor Neuman sent a communication asking that the board direct the clerk to furnish him the widths and a survey of the center line of the following roads: The road from Colma to San Pedro; from San Pedro to Halfmoon Bay; from Halfmoon Bay to Pescadero.

County Clerk Smith stated that the records of his office were at the disposal of the surveyor. Personally he would decline to furnish any such data as it was something that only a surveyor could be familiar with.

R. F. Chilcott who had recently indexed the road records offered to assist the surveyor. He said that the county records for many years back were in poor condition.

Casey moved that Mr. Chilcott be employed to prepare the necessary data for the surveyor. The motion was seconded by McEvoy and carried.

The claim of the A. L. Young Machine Company of San Francisco for \$12,223 for culvert pipe furnished the Fifth township was taken up.

McEvoy took the position that such a large expenditure from the general fund in the Fifth township, which contributed but a small amount of the fund, was unfair to the taxpayers of the county.

Brown held that by reason of the impoverished condition of the coast districts it was often necessary to give them assistance.

Further discussion of the claim was continued until afternoon.

The matter of making an appropriation of \$200 per month for an exposition band was taken up.

Brown offered the following resolution which in his opinion would present a reasonable solution of the matter as far as the board was concerned:

"Resolved, that the board of supervisors of San Mateo county accept the proposal of Professor Alois Winkler to create a World's Fair Band of not less than fifty pieces as an exhibit to the Panama-Pacific Exposition in 1915; and that this board appropriate the sum of two hundred (\$200) dollars per month, beginning January 1, 1912, with the understanding that no money be paid for the first six months, and then only in the event of this board of supervisors having decided that the band is a success and desirable.

It is further understood that the board's determination at that time shall be final and that no claim will be considered or paid for services rendered if their decision be unfavorable. Should the board continue to proceed with the proposed band, a suitable contract shall be drawn, entered into and the sum of two hundred (\$200) dollars a month from January 1, 1912, shall be paid said band's proper authorized agent."

Francis wanted to know what assurance the board would have that such a band would not be interfered with by the unions.

District Attorney Swart advised the board not to bind itself by a contract. While the exposition tax was levied to raise money for a county exhibit he was not prepared to say that a band leader employed by the board would be an exhibit. Mr. Swart also stated that the legislature might direct the expenditure of the exposition fund. If it failed to do so that duty would fall on the supervisors.

Rev. W. A. Brewer of Burlingame spoke strongly in favor of the band. He was opposed to the old-style, common-place exhibit of prunes and such products and wanted to see the county represented by something that would attract the people to us. In this respect nothing could be more effective than such a band as was planned.

Professor Winkler and Mr. Morse addressed the board favorably on the subject.

Casey wanted to know how the men who composed the band would be compensated to which Mr. Morse replied that a good musical organization would have no trouble in getting employment from the exposition company at good pay.

Francis took the ground that once the band entered the employment of the exposition company its usefulness as a county organization would be extremely doubtful. He moved that the petition be denied in which he was seconded by McEvoy.

Blackburn amended the motion, substituting the words "indefinitely postponed," which amendment carried, Francis voting "no."

Charles P. Nott, the contractor who is building the concrete bridge near the Schilling place at Woodside, was granted an extension of 10 days on his contract on motion of Blackburn, seconded by Francis.

John O'Farrell, the courthouse grounds superintendent, was authorized to purchase necessary flowers and shrubs, on motion of Blackburn, seconded by McEvoy.

On motion of Blackburn, seconded by McEvoy, Brown was authorized to employ a searcher to find the records of the roads in his district.

Superintendent Ford stated that Mrs. Julia McLean, a county pensioner, had removed from the county. He was directed to take her name from the list of indigents.

The claim of the A. L. Young Machine Company for culvert pipe furnished the Fifth district was again taken up and after a lengthy discussion in which A. L. Young and W. J. Smith who sold the pipe to this district, joined, the claim was laid over until the next meeting on motion of Casey, seconded by Francis.

The claim of D. L. Wood for \$50 for caring for and finally disposing of a diseased horse, whose owner was on trial in the justice's court, was denied on motion of Casey, seconded by Francis.

FIRE DEPARTMENT SHOWS EFFICIENCY

Annual Report of Department Chief Shows Excellence of Drill and Equipment

According to the annual report of Chief J. N. Winter, which was submitted to the city council at its regular meeting last Monday evening, the fire department of Redwood City is in excellent condition and with its present organization is abundantly able to cope with any ordinary danger. The efficiency of the department is attested by the fact that although 13 fires occurred during the year, with but a single exception these were extinguished before material damage had resulted.

All of the trustees except Mr. Brown, who has not sufficiently recovered from his recent illness to have the evening fire, were present at the meeting, which found but little beyond the consideration of routine reports to do.

The usual monthly reports of city officers were read by City Clerk Plump, after approval were ordered filed for future reference. A discussion of the condition of the business of the water system lead to some suggestions from Trustee Hynding looking to more stringent regulations. These would include the monthly reporting of delinquents and enforce in some cases a more prompt settlement of water rates. He urged that in the future it be insisted that all bills be liquidated within 30 days and that in all cases owners of property, rather than tenants be held responsible for water used on the premises. In making these suggestions Mr. Hynding expressly stated that he had no criticism of the methods of Marshal Coleman, which had been those followed in the past, but simply a desire to introduce more modern methods of conduct. The suggestions met with the approval of the council and steps will be taken for their adoption.

Treasurer Towne reported the receipts for the general fund of the city for the month to have been as follows: Records fines, \$35; real estate insurance, \$8; licenses, \$250; special permits, \$12.50; water and sewer connections, \$12.50; taxes received from marshal, \$11,186.60. After paying the expenses of the month and making the allotments to the special funds, there remains a balance of \$1,178.80 in the general fund. In the library fund there is a balance of \$1,492.38, and in the water fund, \$1,165.52.

The annual report of Chief Winter of the fire department which offered a number of timely suggestions, proved an interesting document. While during the year the department had been called upon to respond to a total of 13 alarms, but one fire had been allowed to assume any magnitude, and in that case the entire loss did not exceed \$750. The equipment of the department was reported to be in good order and the apparatus ready for use at any time. Hose carts and chemical truck are in good condition and the department has 1600 feet of serviceable hose. The only fault found by the Chief was with the housewives of the department, who he urged were in need of minor repairs and painting.

As an appendix to his report, Chief Winter offered several suggestions for the betterment of the department, the most important of which was the purchase of an auto chemical and engine wagon, which he urged was necessary by the constant expansion of the residence districts of the city. The request of the Chief for more inviting quarters for the men was also urged, the suggestion being made that when the council vacated its present quarters at the completion of the new city hall, these be fitted up as a meeting place and provided with some social attractions. It was also urged that the proposed new fire house on the country road be constructed without delay.

Some time was devoted by the trustees to a consideration of the suggestions made in the report, with a result that all were concurred in, although it may be some time before the needed improvements can be provided. While the suggestion had been made that provision for the purchase of an automobile machine be made in the next tax levy, the trustees seemed to consider that this would involve considerable delay, and as the need was admitted to be imperative, it was suggested that a proposal to issue bonds for the purpose might be submitted at the same time as that for bonds for the purpose of street improvements, which will probably be submitted next spring.

The need of a suitable meeting place was admitted and this will be provided as soon as the room is vacated by the city officers. In this connection Trustee Sampson suggested that two rooms be provided for use as sleeping quarters by members of the department, thus giving the city the advantage of having at least two men at headquarters at any hour of the night when their services might be needed. This suggestion met with the hearty approval of the Chief and will probably be put into effect with the remodeling of the rooms.

A few matters of routine business were taken before the council were disposed of in short order.

In response to a petition from Mrs. John Kearse for street lights in the vicinity of her home, City Electrician Werdor was instructed to extend the lighting system on Pennsylvania avenue from Beach to Chestnut streets.

On their application the Telephone Company was given permission to use a few of the poles of the city system for the extension of their line on Edgewood

ROAD IN WELLESLEY PARK.

Chairman Hynding of the public works committee reported that owing to the illness of Trustee Brown the committee had not been able to consider the suggestions of the Board of Trade in reference to the provisions of the street railway franchise, and on his motion the introduction of the franchise was continued until the next meeting.

Resolutions were adopted accepting the work of C. P. Nott on the Center street bridge, and Contractor A. Hess on the bridges and retaining wall on the County road.

The special committee appointed to select furniture for the city hall was also given authority to select lighting fixtures and hardware.

The usual monthly claims and a number of delayed bills for work on abandoned street improvement districts were allowed.

PIONEER OF WOODSIDE JOINS SILENT MAJORITY.

John K. G. Winkler, a pioneer resident of Woodside, passed away at his home on Thursday. Had the deceased lived until the first of the year he would have reached his eighty-second year. Mr. Winkler was engaged in the blacksmith business at Woodside for the past 42 years, having worked at the forge until a short time ago when he retired to enjoy the fruits of his labors. He came to this country from Australia where he built stage coaches for stage companies in the early days of the settlement. Mr. Winkler was also a vineyardist, raising some of the choicest grapes ever sold in this city. He recently sold his beautiful home to Mr. Hale, of the firm of Hale Bros. of San Francisco, receiving the sum of \$22,500 for it. Mr. Winkler was a staunch republican and for years he was a prominent figure at all the conventions held in the county. He was also a charter member of Redwood City Lodge, F. & A. M., under whose auspices he will be buried today at 2:30 o'clock in Union cemetery. The funeral will leave his late residence in Woodside at 1 o'clock. He leaves four grown children to mourn him. His wife preceded him to the grave several years ago.

GRAMMAR SCHOOL PUPILS MAKE PRACTICAL EXHIBIT

The first semi-annual industrial exhibit of the public school given Thursday under the direction of Principal Robert W. Mantz was an unqualified success.

A large number of the friends and patrons of the school viewed the two thousand square feet of exhibits with great interest and expressed surprise and gratification over the extent and quality of the work.

Every phase of the work from the almost perfect apple in clay modeled by a pupil in the receiving class to Louis Betzold's oscillating transformer valued at \$60, the result of his industry in the manual training laboratory, received its full share of attention.

The red baskets made by the sixth grade girls under Miss McEvoy's supervision were much admired. The baskets were of various shapes and styles and skillfully woven.

The doll houses made of cardboard and decorated by the fifth grade, the furniture and wall paper which were made by the 4th grade pupils received a great deal of attention. The large number of doll hats made by the fourth, third, first and receiving grades, were exceedingly interesting and showed skill and taste on the part of the little folks.

Of the kites made in the manual training department, the largest and most elaborate was made by Louis Behrens.

The articles made of wood in the new manual training laboratory by the fifth, sixth, seventh and eighth grades proved that the boys had profited by Mr. Abell's instruction and were of the chief interest.

REDWOOD CITY WILL BECOME OVERLAND TRANSFER POINT

Beginning next Tuesday, December 26, the Southern Pacific Co. will inaugurate a local passenger service between Redwood City and Niles over the Dumbarton cut off. A train will leave Niles at 8:15 o'clock and arrive in Redwood City at 9:15. On returning the train will leave this city at 9:50 and arrive at Niles at 10:15 in the afternoon. A train will leave Niles at 2:55, arriving here at 4:50 and on return will leave here at 5:15 and arrive at Niles at 7 o'clock. The operating of these trains over the Dumbarton bridge makes Redwood City an overland transfer point as the trains operate between Redwood City and Berkeley at the present time. F. J. Cossy welcomes to his store players as well as spectators. The store will be kept clean and orderly. It will be quite a place for ladies who are welcome to knock down and a six inch ball with thumb and finger held, and the pins work automatically, being placed in position with a lever operated by the players.

Charles Luscher has purchased a Peerless automobile. It will arrive here today from San Jose. It is an up to date machine with great speed capacity.

Fred Sharon is erecting a dam across one of his canyons to catch the storm waters to form a lake. It will be a fine body of water and a great attraction to the place.

The Sacred Heart convent closed Wednesday with a special exercises that were attended by a large number of people from various parts of the State. The young ladies left the following day for their various homes.

Stanley Thomson celebrated the twenty-first anniversary of his birth last Thursday by giving his friends a party at his home at University Heights. The guests motored out to the residence and spent a most enjoyable evening.

Mr. and Mrs. Raymond Swayne, nee Annie O'Day, are here for the holidays and are the guests of Mrs. Swayne's mother, Mrs. Peter Cheligno. The Swaynes reside in San Francisco where Mr. Swayne is employed as a mechanic by the Southern Pacific.

The show windows of the Menlo Pharmacy are attracting the attention of every one who passes. In them are displayed a vast assortment of holiday goods of every description. No one need go anywhere else for Christmas presents for they can find any thing they want at the Menlo Pharmacy.

Thomas Angus celebrated the first anniversary of his marriage Thursday off near Fair Oaks. A large number of friends were present and had a delightful time in playing games, dancing and in social converse. A tempting supper was served at midnight that was much enjoyed. Mr. and Mrs. Angus were the recipients, not only of well wishes, but numerous costly presents.

The Christmas tree for the Sunday school children of Trinity Episcopal church will be held this evening in the church. Santa Claus has secured a large number of pretty things for the little ones which he will distribute at 8 o'clock. The services of the church will consist of Holy Communion and a musical program to be rendered by an augmented choir. The services will begin at 10:30. Rev. Chinn will deliver the sermon.

Several of the young boys lately are making a practice of boarding the evening trains and dropping off when the cars are in almost full motion. This is a dangerous practice and is sure to result in a serious accident unless parents put a stop to it. Don't blame the railroad company when your boy is badly hurt or perhaps killed. Now is the time to warn your youngsters and if necessary administer a severe spanking that he may beware of the danger that lies in getting on and off moving trains.

Through the efforts of J. F. Parkin of Palo Alto a wealthy manufacturing industry is soon to be located at Ravenswood. In this county. The Reed Zinc Company, with 22,000,000, has acquired a site of twenty acres in the town of Ravenswood and begun preliminary construction on what is expected by its directors to be one of the biggest industrial enterprises of the county.

Company controls patents and processes for the reduction of refractory ores. There are millions of tons of such ore in the west, now considered useless that can be worked profitably by this company. It chose to locate at Ravenswood because of the superior water and rail facilities for shipping.

Death of Mrs. Andrews. Mrs. Catherine Andrews, a pioneer of Palo Alto, died at her home in that city Thursday after a lingering illness. Deceased was a

native of Ireland, aged 73 years and 6 months. She was the mother of James and Frank Andrews of this place. The deceased before going to the College City lived at Ravenswood for a number of years. She was the first to erect a building in Palo Alto.

Her son August Andrews was killed by a burglar in a hotel in South San Francisco a number of years ago. While attempting to apprehend the thief he was shot and after lingering for several days died in San Francisco. This was a severe blow to his mother from which she never fully recovered.

She will be laid beside her son in the Holy Cross cemetery, Colma. The remains will be placed on the 12:01 o'clock train at Palo Alto and taken to Holy Cross. Mrs. Andrews was one of God's noble women, possessing a strong determination and will, she accomplished much and achieved success. Her husband died when her children were mere infants, but with an indefatigable will she bore her burdens bravely and struggled with the courage of a true Christian woman, raising her family, educating them and accumulating property. She did her work well and goes to her eternal reward which is promised to all who walk the narrow path of righteousness.

Masons to Hold Reception. The Grand Master of the Grand Lodge of Masons will visit Burlingame on Friday evening of next week and will be entertained by members of the fraternity of the Masonic district. Members of Redwood City Lodge are making arrangements to attend the reception in a body. A feature of the occasion will be the installation of the officers of Francis Drake Lodge.

Goldie Silvernall, an employee of the W. P. Fuller Co. at South San Francisco, met with a peculiar accident one day last week. While leaning backward in an attempt to lift some heavy article, he received a severe cut in the back from a knife carried in his pocket. The wound inflicted was so serious as to necessitate the calling of Dr. Dymally.

Peter Lind, the South San Francisco butcher, is preparing a miniature park for the benefit of his town. He is grading and fencing the lot adjoining his butcher shop, and in the spring will plant the place in lawn grass with the expectation that the city authorities will then assume the expense of care and irrigation as a recognition of the public improvement.

Portola Grove of Druids have announced that they will hold an all night dance at the Eleven-mile House on New Year's Eve. Joe Cavalli has been selected as floor manager.

Miss Matilda Fisher of San Bruno was among the recent class of graduates from a San Francisco commercial school.

Volunteer Fire Co. No. 1, of San Bruno has been reorganized, and has elected George Hatfield as its captain.

San Bruno Camp, Woodmen of the World, is making extensive preparations for its annual banquet, which will be held on the evening of Jan. 13. A feature of the occasion will be the celebration of the victory of the Camp in the recent membership contest, when it was the winner of the silver service.

Residents of Daly City have recently been annoyed by a gang of young rascals who visit the town every Sunday and on several occasions have assaulted residents of the town. So serious has the trouble become that the city council has authorized the appointment of a number of special officers and have arranged a system of fire bell alarms to summon the assistance of the police.

Louis Martillo, a merchant of Daly City, met with serious injury in a collision of his wagon with a street car last Monday. Besides the crushing of two fingers, he received a number of severe cuts and bruises. While the team was not injured the wagon was completely demolished.

Practically all the women of Halfmoon Bay who are entitled to vote have placed their names on the great register. This action was taken that they might be eligible to a vote at the lighting district election to be held on January 13.

Conrad and Frank Fernandes of Halfmoon Bay are preparing to embark extensively in the vegetable business. They have recently planted eight acres of early peas, which will be picked and shipped to San Francisco markets.

Father Adriano has just completed a number of improvements to the Catholic church at Halfmoon Bay. The exterior of the building has been given an attractive coat of paint.

The children of Montara are to be given a public visit from Santa Claus on Saturday evening, December 23d, at Montara hall. The evening's exercise will open with an entertainment by the children of the Sunday school.

Last Sunday morning a number of the residents of Easton gave practical evidence of the earnestness of their plea for some means of fire protection. A number of the men who were instrumental in inducing the Burlingame trustees to grant that section the use of the chemical engine, gathered at the site of the fire house and in a few hours did sufficient work to put a building in shape to house the machine. On Thursday evening an entertainment was given by the firemen to raise funds to complete the building.

Residents of the Easton section are complaining loudly of the depredations of a gang of tramps. An

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Appraisers Appointed. Judge Buck has appointed R. F. Chilcott inheritance tax appraiser of the estate of Hans Rasmussen, deceased.

Old Case Dismissed. The civil suit of Harriet A. Waldron against J. B. Corryell has been dismissed in the Superior Court. The case has been on the calendar for some time.

New Building Contracts. The following builder's contracts were filed in the county recorder's office during the week:

Easton & Smalridge agree to erect for Porter E. Lamb in 60 days a one-story, brick building at Burlingame for \$3251.

Appraisers File Report. Frank Musante, A. Sturla and E. M. Levy, appraisers of the estate of Stefano Musante, deceased, have filed their inventory and appraisal. The total value of the estate is placed at \$2750. It consists of a parcel of land on the San Francisco and San Jose road near the lands of Henry Miller in the First township valued at \$250 and the improvements thereon at \$1100, an undivided one-half interest in a piece of property in San Francisco appraised at \$500, a claim against the estate of Augusta Riso valued at \$900.

N. D. Morrison, Frank E. Baskette and H. W. Schaberg, appraisers of the estate of Harry N. Hickie, deceased, have filed their inventory and appraisal. The total value of the estate is placed at \$27,075.54. It consists of money in the hands of the executor, money in bank, promissory notes, stocks and bonds appraised at \$17,025.54. The real estate located in San Mateo is appraised at \$10,050.

Judgment Against Estate. A. C. Ellis has secured a judgment in the Superior Court against Walter H. Linforth, as administrator of the estate of David F. Walker, deceased, for \$42,129.73. The claim for the amount was rejected by the administrator some time ago. Some years ago one named Kohn foreclosed a mortgage for \$142,000 on San Francisco property owned by David F. Walker and when the realty was sold it only brought \$100,000 and the claim for the balance was presented to the Walker estate. The administrator felt that it was a matter that ought to be passed upon by the court and permitted the suit to be brought.

Big Demand Refused. Walter H. Linforth, administrator of the estate of David F. Walker, deceased, has rejected the claim of the Depositors' Association of the California Safe Deposit and Trust Company amounting to \$9,856,676.03. These claims were filed by the depositors of the California Safe Deposit Bank of which Walker was president at the time of his death. This is perhaps the largest claim ever rejected by any estate ever probated in the State of California. No doubt the depositors of the defunct bank will now bring suit against the Walker estate in an effort to recover a portion of the claim. They hold that in as much as he was president of the institution he is liable for the money.

New Incorporations. The following articles of incorporation were filed in the county clerk's office during the week:

Hotel Mateo incorporates with a capital stock of \$10,000, divided into 10,000 shares at a par value of one dollar each. The purpose of the incorporation is to engage in the hotel business at San Mateo. The actual amount of stock subscribed is \$3 by the following stockholders: Jas. A. Lee, Mary Josephine Lee and David C. Brown, all of San Mateo.

The Albert Realty Co. has incorporated with a capital stock of \$5000 divided into 1000 shares at a par value of \$5 each. The principal place of business is San Francisco.

An appeal has been made to the Burlingame police protection as the only means in sight for the abandonment of the nuisance.

An ordinance has been introduced in the San Mateo City Council to create a city park commission. The new board, which is to be composed of five members, besides having general supervision of the public parks of the city and their improvement, is to take charge of the public grounds, and is empowered to enforce plans for general uniformity in the work.

Apparently the contest over the postmasterhip of San Mateo has been settled. Postmaster Blynn has been informed by Congressman Hayes that he has been recommended for reappointment.

Mrs. W. S. Nickelson is enjoying a holiday visit from her sister, Mrs. Congors.

The Belmont Military School which closed for the holiday vacation on the 15th, will reopen on January 15th.

Mr. and Mrs. George Center returned the first of the week from a short visit to Mrs. Center's sister at Santa Clara.

Geese Correspondence. Geo. the Chinaman is on a 60 day vacation at Redwood City. He was sent over by Judge Woodhams for an assault upon Mr. Upton.

Jack Deas is the proud father of a nice big boy.

J. C. Williamson has been on a visit to Fresno.

L. Coburn has a large hoisting engine at Pigeon Point for loading grain and lumber over the cable.

Harry Shaul, who died last week, was buried here. The funeral services were held from the I. O. O. F. hall, the Rev. Miss Barlow officiating.

Clisco and the purpose of the company is to engage in the real estate business. The actual amount of stock subscribed is \$15 by the following stock holders who subscribed one share each: S. E. Cohn, Albert E. Cohn and J. Alexander.

Ready for Probate. Clara P. Hall has filed the will of the late Lovina Murray, who died at the City of San Mateo on December 9, 1911. The estate consists of cash in bank and shares of stock of railroad companies amounting to \$10,000. The petitioner is a niece of the deceased and is named in the will as executrix. She resides at 71 Warren Road, San Mateo. The instrument was executed on December 4, 1911. The will bequeathed the estate to a number of relatives residing in this state and in the east.

Charles Durham has applied in the Superior Court for letters testamentary upon the estate of W. W. Durham, who died at Redwood City on November 23rd. The will that was filed for probate names Charles Durham as executor. The estate consists of 144 acres of land, known as the Durham ranch at Lobitos valued at \$10,000. The devisees and legatees are Charles Durham and Frederick Durham, sons, and Catherine Kelly and Bertha Durham, daughters of the deceased. The entire value of the estate does not exceed the sum of \$10,000.

Wants Suit Dismissed. Charles Murrell and W. S. Angwin, attorneys for the late Berte M. Hansen, administratrix of the estate of C. E. Hansen, have filed a notice in the Superior Court that they will ask for the dismissal of the suit of Dr. A. F. Maine against Berte M. Hansen as administratrix of the estate of C. E. Hansen, deceased. The grounds on which they will ask dismissal are lack of prosecution on the part of the plaintiff and that plaintiff has failed to answer the general demurrer filed by defendant over four months ago. Dr. Maine, when practicing in Redwood, attended C. E. Hansen in his last illness and after his death filed a claim for about \$1500 for professional services and same was rejected by the administratrix and Maine at once filed suit. Mrs. Hansen died last year.

New Actions Filed. George L. Payne has brought suit in the Superior Court against S. L. Bright and others to foreclose a mortgage on 33 acres of land known as the San Mateo Land Association tract at San Mateo. The note secured by the mortgage was executed at San Mateo on February 23, 1910 by S. L. Bright, H. D. Loveland and A. P. Holland for \$5,500.

The San Mateo Bank has brought foreclosure proceedings against C. E. Durrell and others to foreclose a mortgage on lot 267, San Mateo Park for \$250. The promissory note, which is secured by the mortgage, was executed at San Mateo on December 19, 1906 for \$500. The amount sought to be recovered is the balance due. Plaintiff also asks for interest from March 19th, 1911 at the rate of 8 per cent per annum, \$150, counsel fees, and \$19.80 money advanced for taxes and interest at the rate of 2 per cent per month on all money advanced since the execution of the note.

Stocks Go For a Song. One quarter of a million shares of stock in local and foreign corporations, principally engaged in the mining business, were sold at public auction Wednesday by Special Administrator Walter Linforth of the David Walker estate for the sum of \$3,600.

There were 110 parcels of stock disposed of by order of Superior Judge George Buck, in view of the fact that the estate is without funds, although valued at nearly \$1,000,000. Parcels were sold as low as \$5.

Orders in Probate Court. Estate and guardianship of Charles B. Gard, a minor. Petition for letters of guardianship dropped from calendar.

Estate of Mary A. Lee, deceased. Settlement of account continued to December 28th. Petition to modify inheritance tax report continued to December 28th.

Estate and guardianship of James and Mary Lee, minors. Further hearing on first account continued to December 28th. Petition for attorney fees continued to December 28th.

Estate of James Reed, deceased. Settlement of account continued to January 8th, 1912.

Estate of Guadalupe M. de Silver, deceased. Antonia de Silver granted letters of administration with bond fixed at \$500.

Estate and guardianship of Wm. C. Downey, et al. minors. First account allowed and settled.

Estate of Mary Lightner, deceased. Will admitted to probate and Henry L. Lightner granted letters testamentary with bond fixed at \$2000.

Superior Court Orders. M. E. Kipp vs. A. R. Haskins, et al. Trial dropped.

Annie Montgomery vs. E. Y. Montgomery. Motion for alimony continued to December 28th.

Ira Cobe to John Hayden et al. motion to hear demurrer dropped.

Ira M. Cobe vs. E. J. Bajer, et al. Motion to hear demurrer dropped.

Ira M. Cobe vs. Ella F. Baker. Motion to hear demurrer dropped.

Southern Pacific Co. vs. Henry Maier. Motion to amend costs dropped.

Annie M. Isidorio vs. Joseph Isidorio. Order to show cause dropped.

A. C. Ellis Jr. vs. W. H. Linforth, administrator of the estate of David F. Walker, deceased. Order made giving judgment for \$42,129.73 to plaintiff.

John L. Debenedetti vs. Edwin E. La Roche et al. Order made giving judgment to plaintiff for \$270.

Geo. O. Rich vs. C. B. Smith, et al. Motion to file amended answer granted.

Notice of sale of property of the state pursuant to section 3597 of the political code

Controller's Department,
State of California
To the Tax Collector of the County of San
Mateo, State of California, there were filed
and recorded in the Controller's Office of the
State of California, certain deeds conveying
to the people of the State of California the
title to certain lands and parcels of land
hereinafter described:

And, Whereas, said deeds recite the fact
that said property hereinafter described was
struck off and sold to the people of the State
of California for the non-payment of State
and county taxes, penalties and costs, and
all charges levied and assessed against said
property for the years 1909, 1910, 1911.

And, Whereas, five years have elapsed since
the date of said sale, and no redemption ac-
cording to law has been made of said prop-
erty, or any part thereof:

Now, Therefore, in pursuance of the law,
and in accordance with the provisions of
Section 3597, Political Code, as amended
March 19, 1911, the Controller of the State
of California, by virtue of the authority in
him vested by the laws of this state, do
hereby authorize, empower, and direct you, the
said Tax Collector, to sell at public auction, in
separate lots or parcels, the property hereinaf-
ter described, in the manner following:

Public notice shall first be given of such sale
by publication for at least three weeks in
some newspaper published in the County of
San Mateo, and if there be no newspaper
published therein, then by posting a notice
on the day and hour of sale, and shall con-
tain a description of the property to be sold
and shall also embody a copy of this authori-
zation.

The property above referred to, and hereby
authorized to be sold, is situated, lying, and
being in the County of San Mateo, State of
California, bounded and particularly described
as follows:

Property sold to the State June 30, 1907 for
taxes of 1906.

75 ft. of Lot 6, Block 141, Map of the Abby
Homestead Ass'n., Deed No. 23.

Lot 6, 34 ft. x 124 ft., bounded

North by Mezes, South by Marr and Buell

Mezes Canada del Diablo, Deed No. 32.

The same property is also included in Deed
No. 68 for taxes of 1909.

Lot 2, 2nd 1/2 sec. 8, T. 10 S., R. 10 E., S. 1/2, Mezes
Canada del Diablo, Deed No. 62.

That no bid shall be received or accepted
at such sale for less than the amount of all
the taxes levied upon such property and all
costs and penalties for every year delinquent
from the first day of July following the
year of the delinquency in each of said years
